WINNERS WILL BE ANNOUNCED:
Friday, February 23, 2018

The top winner from each grade will receive a Kindle Fire Kids Edition

Entries must be mailed to:
E-Week Design Competition
C/O Cate Schlobohm
PO Box 6101
Morgantown, WV 26506

All entries must be received by Wednesday, Feb. 14 at 5 p.m.

Student Name?
Barrett Phillips

What problem does your design address? (Attach extra sheets as needed)
Communication between hearing and non-hearing

See attached

What is the name of your school?
Edgewood Elementary.

In which county is your school located?
Kanawha

Circle your grade level:

Kindergarten 1st 2nd 3rd 4th 5th

What email address can be used to notify you if you win?
mwihat87@aol.com

What is your home address?
1009 Highland Road Charleston, WV 25302

What is your phone number?
304-993-U222

Winners will be notified by email and announced on social media.

Design by B

By: Barrett Phillips
Grade: 1st
School: Edgewood

If I had money, time, and skills I would create bracelets that help people sign to those that don't know sign language.

In school we learned about American Sign Language. It made me think about kids that are deaf and how they communicate. People that are deaf sign but some hearing people don't.

My bracelets come in many colors. It has motion sensors that pick up the movement of the signers' hands. The mini-computers in the bracelets turn the signs into words.
that come out the speakers.

I think the world would be better if we could all talk to one another.
